

Alux[®] – beautifully designed timber · aluminium windows and doors

Alux[®] offers a range of well designed products. With a 115 mm frame depth and combined sash/frame dimensions close to those of traditional windows. System Alux is suitable for both new buildings and replacement. Its slim profiles also ensure maximum daylight penetration.

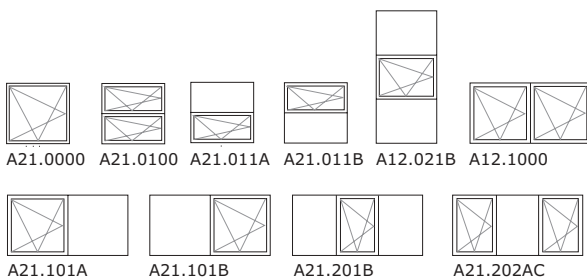

You may contact Hvidbjerg Vinduet at any time for advice and guidance in connection with specific construction projects. Please use the phone number or e-mail address to contact us. For further information about our company and products, please visit www.hvidbjergvinduet.com
